Mr. Ing. Hubert Maduro: “Eleccion no ta certamen di beyeza”

Ley no a cambia, pues areglo priva por resulta irelevante

Redaccion di Bon Dia Aruba a acerca vice-presidente di Conseho Electoral, mr. ing. Hubert Maduro, pa su opinion encuanto e problemanan cu ta surgi awor den cierto partido, unda aparentemente tin acuerdo por escrito, cu den caso cu candidato mas abao riba lista haya mas voto den eleccion cu un o mas persona mas halto riba lista, ta duna prioridad na esun cu mas voto.

BDA: E convenio aki, cu ta firma dentro di e partido, ta un convenio civil, pero kico ta e status legal, en comparacion cu ley di Eleccion (Kiesverordening)?

HM: Algun tempo pasa a surgi e idea di cambia ley, despues cu di diferente banda a cuminza keha cu e ley manera e ta formula actualmente, no lo ta husto, den e sentido cu por tin caso cu un persona cu considerablemente menos voto ta haya asiento, prome cu un persona cu mas voto, pero mas abao riba e lista. Pa cierto motibo e asunto ey, pa cambia ley, no a tuma lugar, asina ta e ley ta manera e tabata. Pa ta bon cla, e filosofia tras di e actual ley ta cu e ta faborece maneho di e partido, mediante nan elaboracion di nan lista. E ta duna e liderazgo di partido e oportunidad di pone hende cu talvez no lo haya tanto voto, pero cu ta considera clave pa tin un persona asina, cu tal conocimento o experiencia, den parlamento. Esey no tin nada di haci cu menosprecio pa esnan cu haya mas voto, ta pesey tin e regla di bay parlamento cu voto preferencial, ora e candidato logra esaki. E ora ey e ta pasa dilanti esnan cu ta bay parlamento segun e secuencia di e lista.

BDA: Si, pero awor nos ta haya e situacion cu e partidonan ta traha convenio entre nan cu den tur caso esnan cu mas voto ta haya preferencia. Con esey ta bay funciona?

HM: “Esey ta bay funciona tanten cu tur hende cumpli cu e acuerdo, cu no ta nada mas cu un convenio civil, cu no tin base den ley di Eleccion. Es decir, si tur hende cumpli cu e convenio, tur esnan mas halto riba lista cu menos voto ta renuncia nan posibilidad pa bay parlamento, y asina ta yega na e candidato cu e partido kier na e puesto. Den pasado caba cierto partidonan a haci uso di esaki, pero no a dun’e tanto atencion publico. Pero si un nenga di coopera, te eynan a yega anto, pasobra esey ta bay ta e persona cu ta huramenta, pasobra esey ta ley. Naturalmente esey por ta fin di e carera di e persona den e partido, pero esey ta asunto entre nan. Pero riba su mes e acuerdo dentro di e partido no por ta ‘bindend’ (obligatorio) den sentido huridico. Den pasado, na aña 1971, Hoge Raad a dicidi den e arrest conoci como arrest Verkiezingsafspraak Elsloo, cu huez civil no ta autorisa pa atende un caso unda ta trata di un acuerdo dentro di un partido encuanto eleccion. Esey ta significa cu e tipo di acuerdonan ey no ta huridicamente ‘bindend’.”

BDA: Den e caso particular di e conflicto den partido Accion 21, unda e number 2 ta bandona e partido, den caso cu mester bay abao den e lista pa haya un parlamentario nobo, e persona ey lo ta e siguiente candidato?

HM: “Corecto. E hecho cu e no ta pertenece mas na e partido no ta significa nada; e ta keto bay riba e lista di candidato, cu no ta cambia den e añanan cu e ta vigente. Pues si e partido mester bay busca un siguiente parlamentario pasobra e lider, cu asiento unico, no ta bay parlamento, e persona cu a sali o a keda expulsa di e partido, ta e ‘next in line’ pa bisa si e ta desea di tuma e asiento. Tur esaki ta basa riba ley, y no tin nada di haci cu loke a palabra dentro di e partido.”

BDA: Pakico nos ta termina den e tipo di situacion aki, unda ta culpa e ley di ta anticua?

HM: “ Mi tin e impresion cu tin ora tin hende cu no ta comprende pakico e ley ta. E ta duna, entre otro, e partidonan un instrumento pa organisa nan management, por ehemplo, busca un balans entre hende cu ta hala voto y persona cu otro cualidad cu e partido lo ta desea di tin den su fraccion. Eleccion pa parlamento no ta un certamen di beyeza, unda esunnan mas popular so ta haya puesto. E ta un manera pa yuda organisa administracion di un partido, pero na su turno e partido cu un bon mix di cualidad den parlamento ta beneficia e pais.”

Huez ta rechaza peticion di AVP pa ordemaatregel

Pa Conseho Electoral haci reconteo di voto no valido

Diamars atardi huez di Gerecht in Eerste Aanleg a rechaza peticion haci pa partido AVP, pa obliga Pais Aruba, Conseho Electoral, o Hoofdstembureau pa tene un reconteo di e votonan cu a ser declara no valido pa Conseho Electoral. Huez a considera cu e argumentonan treci dilanti pa e tres politiconan di e partido (Dowers, Wyatt Ras y De Meza) no tabata convence cu e control cu a tuma lugar na e urnanan unda votadornan presente a urgi tal, lo no tabat di acuerdo cu Ley Electoral y cu por lo tanto no tin nada malo den e decision di presidente di Conseho Electoral pa no honra e peticion di haci un reconteo nobo.

Den un proximo edicion di Bon Dia Aruba un reporte mas amplio.

Evelyn Wever-Croes lider di partido MEP

Aruba na e momento aki no mester di partidonan cu no tin stabilidad

Den un declaracion pa prensa di prome minister demisionario y lider di partido MEP Evelyn Wever-Croes despues cu a sali di e prome reunion cu informadornan pa loke ta e formacion di e gobierno nobo el a trece dilanti cu pa su partido ta hopi importante pa nan tin stabilidad na e momentonan aki.

Wever-Croes cu tabata acompaña di e presidente di partido Hendrick Tevreden a informa cu nan ta buscando un partner cu por trece stabilidad na e momentonan aki , nan ta interpreta e decision di pueblo di dia 25 di juni como pa MEP continua den gobierno hunto cu un otro partner den coalicion y esey ta lo cual ayera mainta nan a trece dilanti den e reunion cu informadornan.

E topico mas importante cu pa partido MEP mester haya mas atencion den gobierno cu lo bin ta e recuperacion economico, pa crea cupo di empleo y asina tur hende cu a perde nan trabou den pandemia por haya nan trabou back y otro parti ta e recuperacion di ser humano como e trankilidad di salud mental, cu segun el a sigura ta cosnan cu mester di atencion, asina mes el a bisa cu Landspakkete ta keda un tema hopi importante pa nan por ta alinea den un gobernacion pa cu esaki.

Di loke ta bin tumando luga cu otro partidonan chikito na unda tin problemanan interno, Wever-Croes a sigura cu pa nan stabilidad ta hopi importante, nan a pasa den tempo hopi turbulento den ultimo gobernacion manera el a afirma na unda nan a purba di tene mas trankilidad posibel pero "ora bo partner den coalicion no ta stabiel, ora cu tin hopi problemanan interno e ta afecta henter gobernacion y el a afecta nos partido hopi mahos durante e ultimo coalicion, a nos ta buscando realmente un partner cu bo por goberna cune y no un partner cu a bo tin cu wanta e golpi ora cu nan ta cuminsa pleita internamente".

Asina mes, el a comenta cu loke a pasa den ultimo dianan a duna pe hopi preocupacion pero sinembargo esey ta asuntonan interno di cada partido cu nan mester atende cune y cu "Aruba na e momentonan aki no mester di partidonan cu no tin stabilidad".

El a sigura cu nan como partido MEP no a sinta cu partidonan pa yega na areglo of acuerdonan pa motibo cu nan ta warda cu e proceso aki ta bay prome cu informadornan y un bes cu nan a scucha e ora nan lo por sigui cu e trayecto ey, "nos ta habri pa traha cu partidonan politico cu a saca asiento, cu excepcion di AVP pasobra na e momentonan aki tin diferencianan fundamental den vision di partidonan como corupcion,landspakkete cu

AVP totalmente contra di dje y mi no ta kere cu ta conveni na e momentonan aki pa bringa cu Hulanda, por lo demas, Raiz, MAS y Accion21 nos ta mirando e desaroyo y nos ta preocupa di kico ta pasando den partidonan aki. Ademas el a trece dilanti cu pa loke ta trata presupuesto, CAft tabata cerca nan diabierna ultimo den conseho di ministernan y nan a palabra cu CAft cu manera lo tin un parlamento nobo nan lo papia cu e parlamento nobo aki pa wak si nan ta cla pa trata e presupuesto, "mirando cu tin varios miembro nobo den parlamento, mester duna nan un tempo si pa nan prepara nan mes y studia e materia".

El a afirma cu nan tin prioridad pa esey pero nan ta espera cu den e fase transitorio aki nan por trat'e, Wever-Croes a finalisa.

Mike Eman lider di partido AVP ta contesta riba e carta di Geoffrey Wever,

Wega politico laga nan pa campaña awo nos ta den un proceso serio

Lider di partido AVP Mike Eman hunto cu Gerlien Croes y Arthur Dowers a reuni cu informadornan ayera mainta pa loke ta trata e proceso di formacion di un gobierno nobo pa e proximo cuater aña y ademas el a duna un declaracion tocante e carta di peticion di partido Raiz.

Pa cu esaki, Eman a trece dilanti cu nan a haya oportunidad pa intercambia cu informadornan riba e retonan grandi cu Aruba ta para su dilanti na e momentonan aki, asina mes el a sigura dialuna ultimo nan a haya un copia di un rapport cu a keda traha pa locual ta trata e situacion di AZV.

Eman a expresa cu ora nan a lesa e rapport ey nan inkietud pa si Aruba no a conoce un cambio di gobernacion y sigui cu e mesun signatura di gobernacion ta espera pa e pueblo Arubiano hopi mas sufrimento di lo cual a pasa a den caba, "ya caba tabata sumamente penoso".

Den e rapport cu segun Eman a afirma cu a keda traha pa austeridad y cortamento den AZV, tur e medidanan practicamente dirigi pa corta derechonan di pashent, pa acceso na cuido medico, e pashentnan despues lo tin cu bay paga ora nan lo bay eerste hulp y tin cu paga e risico cu paketenan di medida di remedi cu ta bay keda corta y lo limita e tratamento den exterior cu medidanan hopi severo, cu ta duna nan e inkietud grandi cu "si Aruba no lo conoce un cambio di direccion di gobernacion den e siguiente añanan e sufrimento di nos pais ta bay ta hopi grandi", manera el a declara.

Pa e motibo aki, Eman a comenta cu nan ta sinti un responsabilidad cu AVP ta yama pa cambio hunto cu otro partidonan cu tambe a bay eleccion y cu tambe a bisa cu nan kier cambia e direccion di gobernacion di Aruba, nan ta mira cu eynan tin un base pa formacion di un gobierno cu kier cambia e direccion en bes di mas auteridad, mas medida y mas pobresa pa crea un gobierno cu ta bay inverti den e recuperacion economico di Aruba, "nos ta kere cu mester por tin un mayoria den comunidad cu ta comparti e sentimento aki cu lo cual Aruba mester na e momentonan aki ta crecemento, recuperacion y alivio y no mas castigo ni medida", Eman a sigura.

Den e reunion cu e dos informadonan, Eman a expresa cu nan ta espera cu esey por sirbi cu un alternativa pa Aruba ta un gobernacion di AVP, MAS, Accion21 y Raiz cu cada un di nan ta mira tambe cu nan tin cu cambia e rumbo di e pais aki, ademas cu definicion di corupcion ta "lo cual e pueblo aki a sufri na dje den ultimo añanan caminda cu miyones di florin ta keda saca for di caha di pueblo y for di companianan di utilidad cu ta haci'e mas dificil pa e compania ey duna e servicio cu nan mester duna, caminda cu pueblo mester entrega remedi, schoolgeld a subi, bijstand no por keda ahusta, pasobra e prioridad ta friends and family, esey ta e corupcion cu Aruba realmente kier termina", Eman a enfatisa.

Di otro banda, dialuna ultimo a keda conoci cu un candidato di partido Raiz, Geoffrey Wever -cu a keda como un di e candidato cu lo conforma Parlamento- a publica un carta riba Facebook cu ta dirigi pa Eman y asina papia cu Benny Sevinger pa no lo wordo huramenta como parlamentario e dia di mañan na Parlamento di Aruba.

Esaki ta pa motibo cu manera Wever a menciona den su carta, "si señor Sevinger huramenta como miembro di Parlamento di Aruba esaki lo ta un mancha scur den historia politico di Aruba cu nunca mas nos por elimina y lo ta un mal señal pa nos hubentud".

Bon Dia Aruba a puntra Eman su reaccion tocante e carta aki y el a contesta cu na e momentonan aki politiconan ta liderando un proceso di formacion of informacion di gobierno caminda tin cu scoge responsabilidad y tipo di palabranan, "e weganan politico laga nan pa campaña, na e momentonan aki nos ta den un proceso serio caminda crea mas polarisacion di tiramento di palabra y wega di palabra no ta sirbi nos comunidad na nada, e ta lamentabel cu for di skinanan cu bo ta verwacht un contribucion na e momentonan aki pa hunto nos yega na kico ta e situacion cu Aruba mester awor pa nos por surpasa e retonan cu nos tin y pa e motibo ey nos no ta mira cu e tipo di weganan aki no ta contribui na nada", el a finalisa.

Marca riba vehiculo riba beach unda tin neishi di turtuga

Andicuri ta keda un punto conflictivo entre operadornan di UTV y doñonan cu kier proteha nan tereno

Un caminata regular, den un area natural stima pa hopi, a bira un pesadiya pa un amante di naturalesa. E area di Andicuri cu mester tabata cera pa trafico di motor, particularmente UTV's, ta tur destrui, cu marcanan di candela cendi tur caminda y rastro di wiel di UTV riba e santo di lama, unda tin neishi di turtuga. Den otro palabra un destruccion cu e doño di e tereno kier a evita, pero envano.

Doñonan di Andicuri a dicidi algun tempo pasa pa cera e caminda pa nan tereno, pasobra e companianan di tour cu UTV tabata causa mucho daño. A bay asina leu cu Gobierno a instrui DOW pa bin cu un ruta alternativo pa asina e tournan cu UTV por yega na e beach di Andicuri.

E plan lo a costa 1.5 miyon florin. Ayera Director di DOW Marlon Croes a bisa cu ya no ta continua cu e plan pa e ruta alternativo aki. Sinembargo, ta parce cu e propio companianan a considera cu ta nan derecho pa drenta tereno priva, y hasta a laga ekipo pisa hala e piedranan cu e doñonan di plantage Andicuri a laga pone pa stroba e tournan.

Stof y boroto di mainta pa atardi

Consequentemente pa varios dia, bisiñanan na Santa Lucia y Ayo tabata keha di un molester enorme di stof, ya cu e tournan tabata pasa cuminsando 10:30 di mainta te 5'or di atardi. "Y ta cuestion di cada 10 minuut tin otro tour," un bisiña a bisa Bon Dia Aruba. "Nos no por habri nos bentananan mas, pasobra e stof ta drenta tur caminda. Y nos tur cu ta biba aki semper a biba den tur trankilidad, pero diripiente awor esey a kita." Tambe a nota cu ta sende candela den e area di Andicuri, algo cu ta bisto riba e tereno. "Nos ta haya e huma di candela hopi biaha despues di 3or di atardi," un habitante di Ayo a bisa Bon Dia Aruba.

Fundacion Offroad Aruba

E comentario ta similar na locual habitantenan di San Fuego tabata keha riba dje, prome cu Fundacion Parke Nacional Aruba a dicidi pa limita e uso di Parke Nacional Arikok pa UTV's. Manera por corda Fundacion Offroad Aruba a entama caso contra e decision di FPNA pero finalmente hues a duna e ultimo rason. Y asina a cuminsa cu buskeda di diferente rutanan nobo particularmente e parti di Noordkust. Y hasta a dicidi cu ta drenta e mondi cu ta pertenece na e tereno grandi di Andicuri, pa baha e sero via ruta alternativo cu a traha. "Gobierno no ta haci nada," un di e doñonan di Andicuri a bisa Bon Dia Aruba ayera. " Ningun. Tur ta mescos."

A manda un carta pa Fundacion Offroad Aruba pa papia di e problema pero no a bin ningun resolucion. Al contrario, a manda bulldozer hala e blokkinan di piedra cu a pone pa sera e caminda. Bon Dia Aruba a purba tuma contacto cu Aruba Offroad Foundation pa medio di nan Facebook, pero te na cierre di nos edicion no a logra un comunicacion.

Ruta alternativo den mondi

Mientrastanto ayera caba, e doñonan a percura cu ta laga hala e blokki di piedranan atrobe, y ta mescos cu e companianan di tour ta bon informa pasobra por a nota con nan a bolbe tuma otro ruta pa yega na Andicuri. Problema di e otro ruta ta cu nan ta keda pasa den tereno priva, sin preocupa cu nan no tin permiso pa drenta.

E parti di noordkust di Aruba ta considera area natural, unda tin balor ecologico y di flora y fauna importante. Pero for di hopi tempo caba, ta expresa preocupacion pa e crecemento descontrola di UTV's y e forma con ta guia e gruponan aki. No ta tene cuenta cu naturalesa, ademas cu caravananan grandi ta pasa cu velocidad halto cu ta causa erosion enorme.

Shoco

Tambe a manda un serie di pregunta pa mr. Evelyn Wever Croes, den su calidad como Minister di Ordenanza Espacial, Infrastructura y Medio Ambiente pa mira kico ta e maneho pa cumpli cu sostenibilidad di naturalesa y si den su opinion, e cantidad di caravana di UTV ta algo cu Gobierno ta sostene. Particularmente mirando cu luna pasa a importa otro 100 UTV pa e actividad turistico aki. Bon Dia Aruba ta pendiente contesta di Prome Minister, kende a manda e preguntanan haci na su departamentonan concerni, y ademas ta activo cu henter e proceso di formacion di Gobierno.

En todo caso, ambientalistanan ta man na cabes pa morto di parha, manera Shoco ta bira victima di trafico continuo. Mientrastanto personal di Parke Nacional Arikok a acudi na Andicuri pa mira con por crea un area di proteccion pa un pareha di Shoco cu ta biba eynan. E intencion ta pa urgi personanan pa ta mas consciente di naturalesa y e necesidad pa proteha nos fauna.

Opcionnan pa coalicion...

Birando cada dia menos...

Mientras e consulta cu e informadornan ta andando ainda, ya e opcionnan disponible ta parce di ta birando mas dificil. Di tur manera, e sucesonan den dos di e partidonan chikito no ta genera confianza cu den un coalicion esaki lo no causa problema grandi. Si na e momento aki caba, mientras ni sikiera tin un gabinete nobo, ya caba den e top di e partidonan, cu lo mester sinta na mesa cu informador y despues cu otro partido candidato pa goberna, ta na pleito cu otro o hasta a bandona partido caba, esaki no ta promesa pa stabilidad. Di e banda ey por comprende e expresion di e actual Promer Ministro, cu partner stabil ta un condicion importante pa por forma gobierno. Di otro banda, e por lamenta cu su partido no a logra un mayoria absoluto, hasta a bay atras den voto, pero en todo caso despues di logra pasa den e crisis di e pandemia, su partido no a perde tanto voto manera e rival grandi cu a haya un golpi grandi den eleccion, riba esun di cuatro aña pasa. Por lo menos e partido social democrata ta den e posicion pa hunga e papel mas importante den e formacion cu mester sigui despues di e proceso actual di informacion.

Manera e asunto ta pinta actualmente, e opcion – menos probable caba – di un coalicion cu tur tres partido chikito cu e partido mas grandi, ta parce caba 'one bridge too far'. Y esaki ta laga solamente un coalicion menos amplio, cu dos o hasta den caso extremo, cu un partner so, como posibilidad riba mesa. Esey ta duna e base mas smal cu por imagina y cu no ta garantia pa exito. Manera comenta anteriormente, e deseo di Hulanda lo ta pa mira un coalicion mas amplio posible, pero esey ta parce un ilusion, y pa bon motibo. Caso dado, si no tin opcion pa forma gobierno, lo mester contempla eleccion nobo, ta loke nos ta tende aki aya. E problema di eleccion nobo ta cu e eleccion pasa ta asina reciente, cu e probabilidad ta grandi cu esaki no ta bay trece tanto diferencia den resultado. Cu e obligacion atrobe pa traha den e situacion manera e ta.

Tur esaki ta trece nos den e situacion unda mester considera otro opcion. Uno ta cu ta busca un base pa e decisionnan grandi cu mester bay tuma, unda partido(nan) den parlamento cu no ta sostene gobierno, ta vota na fabor di cierto leynan cu tur, o por lo menos un mayoria grandi, ta considera absolutamente necesario, bao presion di COHO tambe. Di e manera aki anto lo por logra cu e temanan grandi di e reforma cu Hulanda a propone, y cu nos mes lo mester a propone basta aña pasa caba, por yega na aprobacion. Sin embargo, ken ta kere cu semehante madurez di repente ta haci acto di presencia entre e parlamentarionan? Nos por duna nan e beneficio di duda, pero tanto no a cambia den e paisahe politico den e ultimo eleccion aki. Ta berdad cu un porcion mas grandi di e poblacion a vota pa otro partido, pero ainda como dos tercera parti di nos poblacion ta fiel votador di e dos grandinan, y no ta mira esey cambia asina liher tampoco, sigur no mirando e actual berinche den dos di e tres chikitonan.

Di otro banda, nos ta mira cu tin presion pa yega na solucion na e momento aki. No por bay posterga e proceso di reforma cu Hulanda ta propone, pasobra nos mester di e ayudo pa sobrevivi. Y no laga e optimismo di e momento aki gaña nos, unda nos ta mira un economia ta recupera hopi bon, contento pa esey, pero e no ta kita e peso grandi for di riba nos di e debe astronomico cu nos tin, cu ta haci tambe cu pa varios aña nos no ta eligible pa prestamo cu no ta di Hulanda. A proposito, nos mester ta contento cu nos tin Hulanda, pasobra den nos propio region tin varios isla independiente cu no tin un salbabida manera nos tin y cu riba nan mes den e proximo añanan mester percura pa nan bin riba pia back.

Esaki ta haci cu no tin otro manera di haci cu traha cu e opcionnan cu tin riba mesa ainda. Esey ta di prefera, hasta si e coalicion no logra cubri henter e ruta, pasobra garantia nunca tin cu un gobierno ta cumpli su cuatro añanan. Y tambe mester considera cu si nos ta keda bira rond sin yega na pone man na obra, otro por bin hacie pa nos. Ta sigur cu ningun di nos, ni ciudadano mucho menos e partidonan politico, lo kier mira esey sucede. Pesey tambe cu mester yega na crea un gabinete, aunke e no ta esun ideal. Nos ta core e riesgo di cay den repiticion aki, pero mirando atras riba e aña mas dificil di nos historia, esey a logra mientras tabatin problema grandi den e coalicion, pero esey no a para trabao. E mero presion di e situacion a trece esey cune, y a resulta tambe den e pasonan corecto cu a pone nos unda nos ta awor. No tin pakico di tin miedo di futuro, pero nos mes no mester strob'e tampoco.

En conexion cu e recuperacion di nos economia

Ta hopi urgente pa stabilisa e produccion y distribucion di electricidad

Camara di Comercio y Industria (KvK), como representante di e comunidad empresarial, ta lamenta cu un bes mas e sector comercial ta sufri un perdida di ingreso significante pa motibo di un blackout severo diasabra ultimo, cu a dura casi 12 ora. Particularmente den e situacion actual, na unda nos economia ta uno hopi fragil y sensativo pa shock externo cu por stroba e recuperacion, ta sumamente importante pa haci esfuerso pa brinda nos empresarionan e oportunidad di haci negoshi.

Tin varios indicacion cu economia di Aruba gradualmente a continua su caminda di recuperacion despues di e pandemia di COVID-19. E confiansa di negoshinan a mehora, e perspectiva di e consumidonan ta menos pesimista, y tin un bon recuperacion di turismo. Actualmente nos ta solamente 20% bou di e nivel di e cantidad di turistanan cu nos a ricibi den mesun luna, na aña 2019.

Pero ta importante di realisa cu mayoria di negoshi no tin reserva mas pa absorba mas golpiy un blackout cu ta dura asina largo facilmente por causa comercio un perdida di ingreso di miyones di florin,mas ainda den un fin di siman cu un cantidad grandi di personanan local y turista a probecha pa sali y disfruta di nos isla.

Ta e responsabilidad di tanto Web como Elmar pa percura pa un bon suministro di electricidad riba nos isla. Por tin comprension pa fayonan tecnico, pero mester bin cu alternativanan pa evita blackouts total y aloca fondonan pa cubri perdida y dañonan sufri relaciona cu interupcion di coriente cu ta dura largo manera tabata e caso diasabra ultimo.

KvK ta pone enfasis riba e urgencia pa tuma e pasonan necesario pa protehe e continuidad di e proceso di genera y distribui electricidad. Expertonan di nos pais mester busca e mescla ideal di energia pa Aruba cu ta confiabel, accesibel y sostenibel.

Ta sumamente importante pa fortalece nos economia y pa por garantisa e stabilidad y siguridad economico y proteha e recuperacion di nos economia. KvK ta spera cu lo duna oido na su conseho y cu lo sigui tuma accion pa rebiba nos economia locual cu ta sumamente necesario.

Presidente di FTA Hubert Dirksz

Comercio ainda ta den dificultad

Bon Dia Aruba tabatin un entrevista cu presidente di FTA Hubert Dirksz, e sindicato mas grandi den sector priva, cu miembro den diferente sector, pa scucha con nan ta mira e situacion economico di e momento aki. Durante e pandemia hopi miembro a pasa den duro y te ainda ta pasando den duro mirando cu ainda e situacion di pandemia di Covid-19 no a pasa den su totalidad.

Segun Dirksz sector di construccion ta bastante morto ainda. E companianan ta avisa cu nan ta mira un aña di retraso prome cu nan haya actividadnan grandi. Tin proyeccion pa traha 4 hotel pero esey no ta tuma lugar mesora. Sin embargo un di nan so a cuminsa cu e parti di fundeshi. E renobacionnan cu tin di diferente hotel cu en total lo bira un cantidad basta grandi di camber, loke FTA ta contra, pa bin cu cantidad di camber di hotel, pero banda di esaki ta trabaonan cu no lo tuma lugar pa awor.

Pa loke ta trata e refineria, FTA no tin nada na bista, hopi hende ta den espera di kico ta bay pasa. Sin embargo pa loke ta trata e hotelnan, por bisa cu debi cu e ocupacion di casi tur hotel ta casi 100%, aunke tin cu ta menos tambe, pero ta mira un demanda pa trahador actualmente y cu companianan no ta haya tur loke nan mester; esaki ta trece un poco di problema pa sector hotelero.

Tin algun trahador cu nan ta logra haya via uitzendbureau cu ta pone cu e trahadornan aki lo no keda pa tempo completo, debi cu no tin un seguridad con e situacion lo sigui. Segun presidente di FTA na mayoria di e compania of hotelnan tin protocol cu ta mara na CAO, pa reduci orario di trabao y corta beneficionan temporalmente. Na e momentonan aki FTA ta sintando na mesa atrobe cu e companianan pa firma acuerdonan nobo, caminda ta coregi of ta bay back sea na 100% of casi 100% pa loke ta e beneficionan cu tabatin y cu e aumentonan cu tabatin proyecta of acorda pa tuma lugar, ta tumando lugar na e momentonan aki.
Sinembargo na e momentonan aki tur e companianan ta bisa mesun cos, cu nan a sufri dañonan grandi durante e pandemia, unda cu mayoria di e companianan a cay den un buraco cu nan mester a cera.

Dirksz no ta perde speransa y ta negocia pa asina yega na un acuerdo, mirando cu na e mesun manera cu e compania ta bisa, e trahador tambe ta bisa cu nan tambe a bay atras pa hopi tempo unda cu a ricibi poco entrada. FTA ta keda negocia pa asina yega na un acuerdo caminda cu e trahador ta haya su recuperacion y e compania ta haya un break unda cu ta necesario pa e por cera e buraco cu a haya den e crisis.

Presidente di FTA ta contento cu e hotelnan ta bayendo bon, mientras cu di e casinonan no ta scucha mucho, debi cu FTA no tin hopi miembro mas den casino, unda FTA tabatin miembro e casino a cera y e otronan a haya doñonan nobo.

Pa loke ta trata comercio tin algun caminda ta bay bon y algun no, pero unda cu tin benta di cuminda ta canando bon. Esunnan cu tin benta di auto, libreria, etc., ta dificil debi cu ainda no a mira un recuperacion completo y ainda ta pasando momentonan dificil y te hasta cu posibilidad pa manda hende cas. Comercio ainda ta den dificultad.
Pa loke ta trata sector di banco ta biba e fenomeno di hala faha mara y ta hopi cauteloso y ta haci diferente reorganisacion, unda cu ta haci diferente cambio positivo pa e banconan mes pa asina baha gasto di banco. Argentina lo por bolbe na normalidad te na October

(Mercopress)—Gobierno Argentino ta considerando bolbe habri e fronteranan cu paisnan bisiña, pero e consideracion aki ta mara na e cantidad di persona cu haya e vacuna contra COVID-19. Esey ta locual Director di Migracion di Argentina Florencia Carignano a bisa ayera.

Asina cu nos yega na un cierto porcentahe di populacion cu ta vacuna, nos lo habri. Claro, cu tur e cautela cu ta tuma rond mundo," Carignano a bisa.

E ehecutivo a splica cu tin testnan piloto tumando luga cu Uruguay, cu ciudadnan cu tin un bida den comun. El a agrega cu "nos tin hopi dialogo entre e Ministerionan di Salud y Migracion di ambos pais.

Brazil a afecta nos tur negativamente cu su falta di cuido pa su populacion en general, y a haci e situacion di nos tur, cu ta comparti frontera cu nan, hopi dificil."

Carignano a enfatisa cu locual ta haci na frontera ta cuida hende y cu e preocupacion principal di Gobierno Argentino ta pa preveni cu e cantidad di caso di COVID-19 por sigui crece y evita of wanta mas hopi posibel e entrada di e variante Delta den e pais.

E restriccionnan di vuelonan for di exterior ta pa beneficio di e Argentino den contexto di e pandemia. Carignano a splica cu a detecta dos caso di e variante Delta na Argentina. Un tabata cerca un persona cu a yega e pais di Merca y e otro di Venezuela.

Ningun di e dos casonan aki tabata detecta pa e PCR test ni e antigeno test," Carignano a bisa. Un di e personanan a cuminsa sinti e sintomanan despues di tres dia. Pero pa e momento ey ya e tabata cu su tata cu a keda contagia y awor ta den hospital cu pulmonia.

Como tal, e unico manera cu Gobierno Argentino ta mira cu por habri e pais ta e cantidad di vacuna cu por logra duna na e populacion. El a insisti cu e limite di 600 pasahero cu ta permiti pa drenta e pais pa dia no ta nada straño, y cu Australia a hasta pone e maximo na 450 pasahero.

Den caso di emergencia di salud, tur medida ta inpopular, pero tur pais rond mundo ta tuma nan. Con por spera paisnan ta keda statico riba e reglanan si tur dia ta lanta cu un variante nobo? Carignano a expresa. E ta kere cu pa September of October, Argentina lo por bolbe na su bida relativamente normal cu bida social y fronteranan habri.

Cavendish ta gana etapa number 10, yegando serca di Merckx's su record

(AP) - Mark Cavendish su cuento di hada na Tour de France ta un storia sin fin.

Algun luna despues di contempla su retiro, e veterano Britanico di 36 aña di edad aworaki ta un gana leu di empata Eddy Merckx's su record di 34 etapa gana den ciclismo su careda mas grandi.

Cavendish a gana etapa number 10 den e 'mass sprint' di diamars, mientras cu Tadej Pogacar a keda cu e lider di e carera su blusa geel.

Participando den Tour de France pa prome biaha desde 2018, Cavendish ta dominando e sprint e temporada aki, cu 3 etapa gana caba.

Den Valence, e sprinter di Isle of Man, a disfruta un biaha mas di un avance perfecto cu su miembronan di ekipo di Deceuninck-Quick Step y confortablemente a gara e bentaha riba Belgiconan Wout Van Aert y Jasper Philipsen

"E tabata e tipo di careda cu bo ta mira den revistanan di ciclismo, manera skirbi den bukinan." Cavendish a bisa. "Teniendo tur e ciclistanan mi dilanti, mester purba di pasa nan tur y core lo mas lihe cu ta posibel pa asina ningun hende por pasami, mi mester a logra esaki. Mi ta hopi gradici cu nan tur. Mi no mester a haci hopi, solamente e ultimo 150 meter. Mi ta hopi gradici cu tur hende."

Cavendish no tin rival cu ta yega su altura, specialmente cu e ausencia di e miembro di su ekipo Sam Bennett, ken Cavendish a reemplasa na ultimo momento, y despues cu Caleb Ewan a acidenta mas trempan den e carera. Tambe Cavendish ta disfruta e experiencia y poder di su ekipo, e miho arma ora cu ta trata di careda di un dia.

"E ta mescos cu e centro-delantero den futbol" Thomas Voeckler a comenta, un ex participante di e Tour ken actualmente a bira comentador pa television France TV, despues di e final. "ora cu nan haya un punto, nan ta keda bay. E ta mescos cu 'sprinter'".

Cavendish a sigura un contract nobo cu su ekipo anterior pa e temporada di 2021 despues di su regreso di un episodio di depresion y hopi temporadanan di bataya subiendo y bahando. Pero niun hende no a premira cu su persona lo participa den e Tour e aña aki, y tampoco el a practica specificamente pa e careda cu ta dura tres siman. E tabata un participante di ultimo momento como reemplaso di Bennett, e mihor 'sprinter' di aña pasa su Tour.

Cavendish a regresa cu vengansa, manera cu si e ausencia largo a duna su persona hamber pa victoria. E manera cu el a lucha durante e etapa number 9 na the Alps pa sigura e yega e tempo necesario pa por permanece den e careda ta demostra con grandi su determinacion ta pa por wak e 'Champs-Elysees' un biaha mas.

Despues di sobrevivi e etapa Alpino den condicionnan di tempo teribel, Cavendish lo tin mas oportunidad di empata of surpasa e record di Merckx. Y si e logra pasa e etapa final dentro di dos siman, e blusa berde di 'miho sprinter' cu e ta bisti actualmente lo ta un otro desafio.

Siguiendo e dos etapa dificil den Alps durante condicionnan di tempo sumamente malo, Pogacar a caba safe hunto cu e resto. E campeon defiendo su titulo tabata tin su guardia subi den e ultimo 20 kilometer riba caminda y a pusha duro pa por keda dilanti di e peloton cu despues a split den diferente grupo chikito.

Anteriormente, Tosh Van der Sande, di e ekipo Lotto-Soudal a ataka di comienso y a ser compaña dilanti pa coredo di Astana Hugo Houle.

Mirando cu ningun di nan dos ta un menasa den e clasificacion general, e peloton a laganan dos core bay dilanti, mientras cu solo a sali ben riba e ruta di Tour de France.

E par rapidamente a habri un diferencia di 6 minuut den menos di 20 kilometer, pero no por a mantene e mesun velocidad pa hopi tempo. Nan ventaha a baha pa 4 minuut mientras nan tabata acercando e subida di e dia, e Col de Couz, cabando cu un diferencia di 36 kilometer di e final.

Pogacar ya caba a marca su autoridad den e careda. El a evita accidentnan cu a pusha algun di e favoritonan di e careda afo, y a confirma su autoridad durante e prome etapa y a keda ataka den montaña pa habri un espacio di 2:01 riba su rival mas cerca, Ben O' Connor di Australia.

Aquannette A. Gunn :

Un protocol no tin validez mas si un persona haci mal uzo di dje

Na e momentonan aki, ami Aquannette A. Gunn a di-cidi di reacciona relaciona cu tur loke ta bayendo rond riba medionan social. Na prome luga mi kier enfatisa cu segun e Ordenansa Electoral ami a keda apunta pa forma parti di e 21 parlamentarionan di pais Aruba pa e siguiente 4 aña.

Ta berdad cu cada candidato a firma un protocol, cual tabata un palabracion interno y ta basa riba confiansa. Mi persona no ta confia sra. Solangel Lacle debi na su comportacion insano durante henter e campaña cu a laga un sabor amargo y di desconfiansa cerca mi persona. Ademas el a uza e protocol como tool di campaña contra di su mesun coleganan door di pidi hendenan vota p'e y no pa su coleganan.

Sra. Solangel Laclé no tabata sigui palabracionnan haci durante reunionnan di partido, mucho menos e tabata respeta nan. Tambe el a practica canibalismo. Pues e tabata pidi mi famia y amistad na un forma insistente y persistente pa vota pa su persona enbes di mi. Esaki pa mi ta muestra di falta di etica y falta di colegialidad y pa mi el a demostra di ta un persona INCONFIABEL. Si durante henter campaña el a sa di viola palabracionnan haci, ki garantia partido MAS por tin den integridad y honestidad di un persona asina.

Maneho financiero di Boneiro ta preocupa Cft

Colegio Ehecutivo ta confronta reto grandi riba tereno di maneho financiero y mester tuma medida pa formalisa maneho di tereno. Colegio di supervision financiero di Boneiro, Sint Eustatius y Saba (Cft) a indica esaki den su combersacionnan cu Colegio Ehecutivo. Ademas Cft ta conseha Boneiro pa traha un plan di gasto pa e reservanan acumula di e ultimo añanan.

Tin informacion positivo tocante e recuperacion spera den e di dos semester di aña na Boneiro. E cantidad di infeccion di coronavirus ta bou di control, parcialmente a consecuencia di un grado relativamente halto di vacunacion. Recuperacion di turismo lo conduci na ingreso fiscal mas halto pa Boneiro. Den e prome kwartaal di 2021 e entradanan relaciona cu turismo tabata USD 0,5 miyon menos cu loke a presupuesta. E expectativa ta cu e entradanan aki, incluyendo ingreso fiscal, lo aumenta den e di dos semester di 2021.

Boneiro no ta progresa suficientemente riba tereno di maneho financiero. Accountant a emiti un abstencion di opinion pa e cuenta anual di 2020. Actualmente ta ehecutando un actualisacion di e plan di mehoramento di maneho financiero. Debi na retraso den mehoramento di maneho financiero, ya un declaracion aprobatorio di accountant pa 2021 no ta parce factibel mas. Ta di gran importancia pa Boneiro tuma e medidanan necesario den su maneho financiero y traha pa logra un declaracion aprobatorio di accountant pa 2022. Cu yenamento di dos funcion importante -Hefe di Finansa y Secretario Insular- Cft ta spera cu Boneiro lo tuma e stapnan necesario.

Ora cu a aproba e presupuesto, Ministro di Asunto Interno y Relacion den Reino (BZK) a pone, entre otro, como condicion, cu Entidad Publico Boneiro lo stipula rapidamente su maneho di tereno. Sinembargo, e nota preliminar (kadernota) pa maneho di tereno tin basta tempo caba na Conseho Insular. Entretanto e fechanan limite respectivo di 31 di december 2020 y 30 di april 2021 pa aprobacion di e maneho ey a pasa caba.

Cft a haci un bishita na Boneiro dia 29 di juni 2021 y a hiba combersacion cu Colegio Ehecutivo, Conseho Insular, e Representante di Reino suplente y e Director di Programa di e Acuerdo di Gobernacion.

E biaheronan mester haci test si prome cu nan salida pa Boneiro y, si ta necesario, haci un test na yegada tambe. Por haya e testnan corecto riba www.bonairecrisis.org. Tambe ta pidi nan pa haci test un biaha mas cu un test di PCR riba e di 5 dia despues di nan yegada na nos isla.

E biaheronan ta firma un declaracion cu nan ta dispuesto pa haci un test di PCR riba e di 5 dia despues di nan yegada y nan ta haya un cita pa un test gratis na departamento di Salubridad Publico. Mas despues un empleado di departamento di Salubridad Publico ta tuma contacto cu e pasahero pa cord'é riba su cita. Un pasahero cu no bay haci test riba e dia palabra, por haci esey ainda cerca un otro organisacion di test riba e di 6 dia despues di su yegada. Pero e ora ey e biahero mes mester paga gasto di e test. Biaheronan cu no haci test, ta bay durante 10 dia den cuarentena na nan adres di cas of nan adres di vakantie.

Mayor: Crews did everything possible to find missing pets

(AP) — Rescue teams combed through closets, looked under beds and even used drones with thermal imaging as they looked for pets that might have been left in the ruins of Champlain Towers South before a decision was made to demolish the still-standing section of the building, officials said Monday.

The building was imploded on Sunday night, more than a week after it had partially collapsed, killing more than two dozen people and leaving more than 115 still missing.

Prior to the demolition, rescue teams conducted full sweeps looking for animals, searching every possible hiding place and — in the areas that were not accessible — using ladders on high-lift cranes to look through what was left of the 12-story building, Miami Dade County Mayor Daniella Levine Cava told a news conference.

"We took every action that we possibly could to search for any pets, any animals, in the building, prior to the demolition," Levine Cava said.

She said first responders used drones with thermal imaging over the rubble pile and in the tower and other areas that were not safe for humans. She also said doorways were opened, providing other ways for any missing pets to escape the building, and live animal traps were placed on balconies "at great personal risk" to rescue workers.

"I want to say, as clearly as I possibly can, and urge our community to understand that we went truly to great lengths to take every step that we could, at great risk to our first responders, to ensure that all of the pets that were beloved family members — that none of them were left in the building prior to the demolition."

The sighting of a cat on Saturday gave hopes to animal protection groups and families that some pets could still be saved.

One of the survivors, Susana Alvarez, is devastated about her beloved 4-year-old cat, Mia, who was left behind on the 10th floor. On Sunday, Alvarez tried desperately to get in touch with rescuers to determine whether her cat had been found.

"My cat's still there, Mia, and I know she's under my bed," she said. "What must she think?"

Alvarez, 62, was in the process of moving her mother, who has advanced Alzheimer's, into the condo right before the building collapsed. A week earlier, she'd brought the cat to the condo, registering it as an emotional support animal.

The feline was timid and often hid under the bed, but had recently started to venture out more, she said.

In her panic as the building was collapsing, Alvarez left the apartment, bringing only her cellphone to light her path, worrying throughout her harrowing escape down the crumbling stairwell whether there was time to run back up and coax Mia out from under the bed.

Grizzly bear attacks, kills camper in western Montana

(AP) — A grizzly bear attacked and killed a person camping in western Montana early Tuesday, triggering an intensive search for the bruin by wildlife officials and law enforcement officers who planned to kill the animal, officials said.

The pre-dawn attack happened in Ovando, a town of fewer than 100 people about 60 miles (97 kilometers) northwest of Helena, said Greg Lemon, a spokesperson with Montana Fish Wildlife and Parks.

The bear had previously wandered into the area where the victim was camping and left but later returned, Powell County Sheriff Gavin Roselles said.

"There was an earlier contact with the bear prior to the event," Roselles said. "The bear basically came back into the campsite. It wandered into a campsite a couple different times."

A team of law enforcement and wildlife specialists was brought in to track down and kill the bear, officials said. A crew aboard a helicopter was assisting as searchers looked for a "daybed" where the animal might be sleeping to get out of the heat, Lemon said, adding that the bear was believed to have left Ovando after the mauling.

An initial report said the victim had been riding a bicycle at the time of the attack. That is not the case, Roselles said.

Lemon said his understanding is that the victim was part of a group on a bike trip.

The victim's identity was not immediately released and further circumstances surrounding the attack were under investigation.

"Our first concern is the community's well-being. The next step is to find the bear," Lemon said.

Officials did not say exactly where the attack occurred, but Roselles said there were other people camping in the vicinity of the attack.

As employers struggle to fill jobs, teens come to the rescue

(AP) — The owners of restaurants, amusement parks and retail shops, many of them desperate for workers, are sounding an unusual note of gratitude this summer:

Thank goodness for teenagers.

As the U.S. economy bounds back with unexpected speed from the pandemic recession and customer demand intensifies, high school-age kids are filling jobs that older workers can't — or won't.

The result is that teens who are willing to bus restaurant tables or serve as water-park lifeguards are commanding $15, $17 or more an hour, plus bonuses in some instances or money to help pay for school classes. The trend marks a shift from the period after the 2007-2009 Great Recession, when older workers often took such jobs and teens were sometimes squeezed out.

The time, an acute labor shortage, especially at restaurants, tourism and entertainment businesses, has made teenage workers highly popular again.

"We're very thankful they are here," says Akash Kapoor, CEO of Curry Up Now. Fifty teenagers are working this summer at his five San Francisco-area Indian street food restaurants, up from only about a dozen last year. "We may not be open if they weren't here. We need bodies."

The proportion of Americans ages 16-19 who are working is higher than it's been in years: In May, 33.2% of them had jobs, the highest such percentage since 2008. Though the figure dipped to 31.9% in June, the Labor Department reported Friday, that is still higher than it was before the pandemic devastated the economy last spring.

At the Cattivella Italian restaurant in Denver, for instance, Harry Hittle, 16, is earning up to $22.50 an hour, including tips, from his job clearing restaurant tables. He's used the windfall to buy gas and insurance for his car and has splurged on a road bike and an electric guitar.

"There's never been a better time to apply for a job if you're a teen," says Mathieu Stevenson, CEO of Snagajob, an online job site for hourly work.

Consider the findings of Neeta Fogg, Paul Harrington and Ishwar Khatiwada, researchers at Drexel University's Center for Labor Markets and Policy who issue an annual forecast for the teenage summer job market. This year, they predict, will be the best summer for teenage lifeguards, ice cream scoopers and sales clerks since 2008; 31.5% of 16- to 19-year-olds will have jobs.

Teenage employment had been on a long slide, leading many analysts to lament the end of summertime jobs that gave teens work experience and a chance to mingle with colleagues and customers from varying backgrounds.

In August 1978, 50% of teenagers were working, according to the U.S. Labor Department. Their employment rate hasn't been that high since. The figure began a long slide in 2000 and fell especially steeply during the Great Recession. The eruption of coronavirus produced a new low: Only 26.3% of teens had jobs last summer, according to the Drexel researchers.

The long-term drop in teen employment has reflected both broad economic shifts and personal choices. The U.S. economy includes fewer low-skill, entry-level jobs — ready-made for teens — than it did in the 1970s and 1980s. And such jobs that do remain have been increasingly likely to be taken by older workers, many of them foreign born.

In addition, teens from affluent families, eager to secure admission to top universities, have for years chosen summer academic programs over jobs or have pursued ambitious volunteer work in hopes of distinguishing their applications for college. Others have spent their summers playing competitive sports.

This summer, things are rather different. After collapsing last spring, the economy has rebounded much faster than expected. Restaurants, bars, retail shops and amusement parks have been overwhelmed by pent-up demand from consumers who had mostly hunkered down for a year or more.

Now, those businesses need employees to handle the influx and are scrambling to find enough. The vaccine rollout was just starting in April and May, when employers typically start hiring for summer. Some of these businesses delayed their hiring decisions, unsure whether or when the economy would fully reopen.

Foreign workers, brought in on J-1 work-and-study visas, typically filled many such summer jobs. But President Donald Trump suspended those visas as a coronavirus precaution, and the number of U.S.-issued J-1 visas tumbled 69% in the fiscal 2020 year — to 108,510, from 353,279 the year before.

In past years, for example, foreigners visiting the U.S. on visas took filled 180 summer jobs at Big Kahuna's water park in Destin, Florida. Last year, there were just three. This year, eight. Desperate to attract local teens, Big Kahuna's, which is owned by Boomers Parks, is now paying $12 an hour, up from less than $10 an hour in past years.

Compounding the labor squeeze, many older Americans have been slow to respond to a record number of job openings. Some have lingering health concerns or trouble arranging or affording child care at a time when schools are transitioning from remote to in-person learning. Other adults may have been discouraged from seeking work because of generous federal unemployment benefits, though many states have dropped these benefits, and they will end nationwide on Sept. 6.

So businesses are offering signing bonuses and whatever else they can to hire teens in a hurry.

Pentagon cancels disputed JEDI cloud contract with Microsoft

(AP) — The Pentagon said Tuesday it canceled a disputed cloud-computing contract with Microsoft that could eventually have been worth $10 billion. It will instead pursue a deal with both Microsoft and Amazon and possibly other cloud service providers.

"With the shifting technology environment, it has become clear that the JEDI Cloud contract, which has long been delayed, no longer meets the requirements to fill the DoD's capability gaps," the Pentagon said in a statement.

The statement did not directly mention that the Pentagon faced extended legal challenges by Amazon to the original $1 million contract awarded to Microsoft. Amazon argued that the Microsoft award was tainted by politics, particularly then-President Donald Trump's antagonism toward Amazon's chief executive officer, Jeff Bezos. Bezos owns The Washington Post, a news outlet often criticized by Trump.

The Pentagon's chief information officer, John Sherman, told reporters Tuesday that during the lengthy legal fight with Amazon, "the landscape has evolved" with new possibilities for large-scale cloud computing services. Thus it was decided, he said, to start over and seek multiple vendors.

Sherman said JEDI will be replaced by a new program called Joint Warfighter Cloud Capability, and that both Amazon and Microsoft "likely" will be awarded parts of the business, although neither is guaranteed. Sherman said the three other large cloud service providers — Google, IBM and Oracle — might qualify, too.

Microsoft said in response to the Pentagon announcement, "We understand the DoD s rationale, and we support them and every military member who needs the mission-critical 21st century technology JEDI would have provided. The DoD faced a difficult choice: Continue with what could be a years-long litigation battle or find another path forward."

The JEDI project began with the $1 million contract award for Microsoft, meant as an initial step in a 10-year deal that could have reached $10 billion in value. The project that will replace it is a five-year program; Sherman said no exact contract value has been set but that it will be "in the billions." Sherman said the government will negotiate the amount Microsoft will be paid for having its 2019 deal terminated.

Amazon Web Services, a market leader in providing cloud computing services, had long been considered a leading candidate to run the Pentagon's Joint Enterprise Defense Infrastructure project, known as JEDI. The project was meant to store and process vast amounts of classified data, allowing the U.S. military to improve communications with soldiers on the battlefield and use artificial intelligence to speed up its war planning and fighting capabilities.

The JEDI contract became mired in legal challenges almost as soon as it was awarded to Microsoft in October 2019. The losing bidder, Amazon Web Services, went to court arguing that the Pentagon's process was flawed and unfair, including that it was improperly influenced by politics.

This year the Pentagon had been hinting that it might scrap the contract, saying in May that it felt compelled to

reconsider its options after a federal judge in April rejected a Pentagon move to have key parts of Amazon's lawsuit dismissed.

The JEDI saga has been unusual for the political dimension linked to Trump. In April 2020, the Defense Department inspector general's office concluded that the contracting process was in line with legal and government purchasing standards. The inspector general found no evidence of White House interference in the contract award process, but that review also said investigators could not fully review the matter because the White House would not allow unfettered access to witnesses.

Five months later, the Pentagon reaffirmed Microsoft as winner of the contract, but work remained stalled by Amazon's legal challenge.

In its April 2020 report, the inspector general's office did not draw a conclusion about whether the Redmond, Washington-based Microsoft Corp. was appropriately declared the winner. Rather, it looked at whether the decision-making process was proper and legal. It also examined allegations of unethical behavior by Pentagon officials involved in the matter and generally determined that any ethical lapses did not influence the outcome.

That review did not find evidence of White House pressure for the Pentagon to favor the Microsoft bid, but it also said it could not definitely determine the full extent of White House interactions with the Pentagon's decision makers.

Tucson to ignore Arizona's 'Second Amendment sanctuary' law

(AP) — Officials in the city of Tucson plan to ignore Arizona's new "Second Amendment sanctuary" law that bars state and local governments from enforcing certain federal gun regulations, possibly setting up a court fight as a growing number of cities and counties in the United States declare themselves similar firearm havens.

The move by Democratic Mayor Regina Romero and the City Council again puts Tucson and Republican-led state at odds over how to regulate gun sales and use.

The southern Arizona city has long tried to enforce gun laws stricter than the state's, including mandating background checks for guns purchased on city property and destroying seized firearms. Over the years, those measures have been challenged after the Republican-controlled Legislature enacted laws barring the actions.

The new action came after GOP Gov. Doug Ducey signed a bill in April declaring that Arizona is a so-called Second Amendment sanctuary. It was partly a response to the election of President Joe Biden, who has vowed to enact tighter firearms regulations.

A growing movement of at least 1,200 local governments have declared themselves sanctuaries insulated from state and federal gun laws since 2018, when high-profile mass shootings prompted calls for stronger regulations. Many are symbolic but some carry legal force.

In addition to Arizona, a handful of other legislatures, including in Kentucky, Tennessee and Wisconsin, jumped on the idea this year when Biden took office. During his campaign, Biden pledged to enact universal background checks and an assault weapons ban, among other measures.

The Arizona Daily Star reports that the state and city could be headed for a legal battle over Tucson's June 22 resolution to continue enforcing all federal gun laws.

The resolution unanimously passed by the council proclaims that "federal laws, orders and acts that regulate firearms in a manner that is consistent with the requirements of the United States Constitution" will "remain in full force and effect" within city limits "regardless of whether those laws, orders or acts are more restrictive or prohibitive than regulations established under the laws of this state."

Councilman Steve Kozachik introduced the resolution last month and said he believes the new state law is unconstitutional.

Kozachik said his aim is to have the law "declared unconstitutional and thrown out plain and simple, so we continue to have free rein to enforce federal gun laws locally."

Arizona's law says the state is not beholden to upholding U.S. gun laws and prohibits "any personnel or financial resources to enforce, administer or cooperate with any act, law, treaty, order, rule or regulation of the U.S. government that is inconsistent with any Arizona law regarding the regulation of firearms."

Federal statistics show Arizona has the 15th-highest gun-related mortality rate.

Hunt for Capitol attackers still on 6 months after Jan. 6

(AP) - The first waves of arrests in the deadly siege at the U.S. Capitol focused on the easy targets. Dozens in the pro-Trump mob openly bragged about their actions on Jan. 6 on social media and were captured in shocking footage broadcast live by national news outlets.

But six months after the insurrection, the Justice Department is still hunting for scores of rioters, even as the first of more than 500 people already arrested have pleaded guilty. The struggle reflects the massive scale of the investigation and the grueling work still ahead for authorities in the face of an increasing effort by some Republican lawmakers to rewrite what happened that day.

Among those who still haven't been caught: the person who planted two pipe bombs outside the offices of the Republican and Democratic national committees the night before the melee, as well as many people accused of attacks on law enforcement officers or violence and threats against journalists. The FBI website seeking information about those involved in the Capitol violence includes more than 900 pictures of roughly 300 people labeled "unidentified."

Part of the problem is that authorities made very few arrests on Jan. 6. They were focused instead on clearing the building of members of the massive mob that attacked police, damaged historic property and combed the halls for lawmakers they threatened to kill. Federal investigators are forced to go back and hunt down participants.

The FBI has since received countless tips and pieces of digital media from the public. But a tip is only the first step of a painstaking process — involving things like search warrants and interviews — to confirm people's identities and their presence at the insurrection in order to bring a case in court. And authorities have no record of many of the attackers because this was their first run-in with the law.

"Most of these people never showed up on the radar screen before," said Frank Montoya Jr., a retired FBI special agent who led the bureau's field offices in Seattle and Honolulu. "You watch the movies and a name comes up on the radar screen and they know all the aliases and the last place he ate dinner, all with a click of a button. Unfortunately, that's not how it is in reality."

The FBI has been helped by "sedition hunters," or armchair detectives who have teamed up to identify some of the most elusive suspects, using crowdsourcing to pore over the vast trove of videos and photos from the assault.

Forrest Rogers, a business consultant who helped form a group of sedition hunters called "Deep State Dogs," said the group has reported the possible identities of about 100 suspects to the FBI based on evidence it collected.

Sometimes, a distinctive article of clothing helps the group make a match. In one case, a woman carrying a unique iPhone case on Jan. 6 had been photographed with the same case at an earlier protest, Rogers said.

"It's seeking justice," he said. "This is something that's unprecedented in the history of our country." Rogers asked, "Where else have you had several thousands of people who commit a crime and then immediately disperse all over the United States?"

John Scott-Railton is a senior researcher at the Citizen Lab at the University of Toronto who has been collaborating with journalists and others to identify suspects using digital clues. He said that while much is known about the "small fish" who committed crimes that day, a deeper understanding is needed of the actions of organized group leaders.

"We all need to be in a place where we can have conversations about what Jan. 6th was that go beyond a bunch of individuals motivated by a set of ideologies who showed up at the Capitol," he said.

Those being sought include many accused of violent attacks on officers. One video released by the FBI shows an unidentified man attacking officers with a baton. In another, a man is seen ripping the gas mask off an officer who screamed in pain as he was being crushed into a doorway by the angry mob.

In some cases, social media platforms have turned over incriminating posts that defendants tried to delete after their gleeful celebrations of the siege gave way to fears of being arrested. Often, the attackers' own family, friends or acquaintances tipped off authorities.

In one case, the FBI used facial comparison software to find a suspect on his girlfriend's Instagram account. Agents then went undercover, secretly recorded the man at work and got him on tape admitting to being in the crowd, which he described as "fun."

"The more of these people you identify — potentially through search warrants and social media communications — you're going to be able to identify others," said Tom O'Connor, who focused on counterterrorism as a special agent before leaving the bureau in 2019. "Those people who have been arrested will then be given the opportunity to cooperate and identify other persons involved."

The FBI has offered a reward of up to $100,000 for information leading to the arrest of the person responsible for planting the pipe bombs in Washington on Jan. 5. Footage shows a person in a gray hooded sweatshirt, a mask and gloves appearing to place one of the explosives under a bench outside the Democratic National Committee and the person walking in an alley near the Republican National Committee before the bomb was placed there. It remains unclear whether the bombs were related to planning for the insurrection.

Justice Department officials say arresting everyone involved in the insurrection remains a top priority. Authorities recently arrested the 100th person accused of assaulting law enforcement as well as the first person accused of assaulting a member of the press — a man prosecutors say tackled a cameraman.

"They will find them," said Robert Anderson Jr., former executive assistant director of the FBI's Criminal, Cyber, Response, and Services Branch. "I don't care how long it takes. If they are looking for them, they will find them."

More than a dozen Jan. 6 defendants have pleaded guilty, including two members of the Oath Keepers militia group who admitted to conspiring with other extremists to block the certification of President Joe Biden's victory.

Most of the other plea deals reached so far are in cases where defendants were charged only with misdemeanors for illegally entering the Capitol. The only defendant who has been sentenced is an Indiana woman who pleaded guilty to a misdemeanor and was spared any time behind bars.

6 students among 9 arrested in alleged Hong Kong bomb plot

(AP) — Nine people, including six secondary school students, were arrested in Hong Kong on Tuesday for allegedly plotting to set off homemade bombs in courts, tunnels and trash cans as political tensions rise in the city where China is tightening its grip.

Police said they were detained on suspicion of engaging in terrorist activity under a harsh national security law that Beijing imposed a year ago as part of a crackdown on dissent in the former British colony that has long enjoyed freedoms not seen on the Chinese mainland.

Hong Kong authorities have used the law, enacted in response to anti-government protests that rocked the city in 2019, to arrest many of the city's prominent activists. Others have fled abroad as a result.

If the allegations are true, the group appears to represent a more radical fringe of the protest movement, which has demanded broader democratic freedoms for Hong Kong just as its liberties are under threat. Police said the group was attempting to make the explosive triacetone triperoxide, or TATP, which has been widely used in bombings in Europe and elsewhere, in a makeshift laboratory in a hostel.

Police accused the group of planning to use the explosive to bomb courts, cross-harbor tunnels, railways and trash cans on the street "to maximize damage caused to the society."

Since the 2019 anti-government protests, Hong Kong police have arrested several people over alleged bomb plots and for making TATP, including 17 detained that year in overnight raids that also seized explosives and chemicals.

Nine people between 15 and 39 years old were arrested Tuesday, according to Senior Superintendent Li Kwai-wah of the Hong Kong Police National Security Department. Hong Kong chief executive Carrie Lam said at a weekly news briefing that she hopes the members of the public will "openly condemn threats of violence."

"They should not be wrongly influenced by the idea that ... breaking the law is in order, if you're trying to achieve a certain cause," she said. "They should not be influenced into thinking that they can find excuses to inflict violence."

Authorities said they seized equipment and raw materials used to make the TATP, as well as a "trace amount" of the explosive. They said they also found operating manuals and about 80,000 Hong Kong dollars ($10,300) in cash.

Police froze about 600,000 Hong Kong dollars ($77,200) in assets that they say may be linked to the plot. Authorities said all nine planned to set off the bombs and then leave Hong Kong for good.

The arrests come as China is increasing its control over Hong Kong, despite a promise to protect the city's civil liberties for 50 years after the city's 1997 handover from Britain. In the most glaring example of that campaign, police arrested at least seven top editors, executives and journalists of the Apple Daily newspaper, which was an outspoken pro-democracy voice, and froze its assets, forcing it to close two weeks ago.

Also Tuesday, Lam also said that an envelope of "white powder" had been sent to her office. Police said the substance was still being analyzed but that they did not believe it to be dangerous.

28 feared dead in plane crash in Russia's Far East

(AP) — A plane carrying 28 people crashed Tuesday, apparently as it came in for a landing in bad weather in Russia's Far East, and everyone aboard was feared dead.

Wreckage from the An-26 was found on a coastal cliffside and in the sea near the airport in the town of Palana, according to officials. The plane was on approach for a landing in fog and clouds when it missed a scheduled communication and disappeared from radar, officials from the Kamchatka region said.

The plane "practically crashed into a sea cliff," which wasn't supposed to be in its landing trajectory, according to Sergei Gorb, deputy director of the company that owns the aircraft, Kamchatka Aviation Enterprise.

The plane was in operation since 1982, Russian state news agency Tass reported. Alexei Khabarov, director of Kamchatka Aviation Enterprise, told the Interfax news agency that the aircraft was technically sound before taking off from the city of Petropavlovsk-Kamchatsky.

According to Russian media reports, none of the six crew members or 22 passengers on board survived. The head of the local government in Palana, Olga Mokhireva, was among the passengers, spokespeople of the Kamchatka government said.

However, no bodies were found yet, and there was no official confirmation of the reports.

Russia's state aviation agency, Rosaviatsiya, said that parts of the plane were found about 3 miles (5 kilometers) from the airport's runway. Part of the fuselage was found on the side of a mountain, Russia's Pacific Fleet told news agencies, and another part was floating in the Okhotsk Sea.

A criminal investigation was opened, as is typical.

A search-and-rescue mission was underway in the mountainous area, but the work was suspended after night fell, the governor of Kamchatka, Vladimir Solodov, said.

"The site itself is difficult to access, a helicopter can't land there," Solodov said in video posted on the regional government's website. "Because of adverse weather conditions, high waves, the rescue operation had to be temporarily suspended. It will resume tomorrow morning."

Authorities plan to deploy professional divers and rescuers trained for working in mountainous terrain.

Solodov added that a group of government officials including Transport Minister Vitaly Savelyev will head to Palana on Wednesday.

In 2012, an An-28 plane belonging to Kamchatka Aviation Enterprise crashed into a mountain while flying the same route as Tuesday's flight. A total of 14 people were on board and 10 of them were killed. Both pilots, who were among the dead, were found to have alcohol in their blood, Tass reported.

Iraqi militia commander vows to avenge deaths in US strike

(AP) — The leader of an Iran-backed Iraqi militia has vowed to retaliate against America for the deaths of four of his men in a U.S. airstrike along the Iraq-Syria border last month, saying it will be a military operation everyone will talk about.

Abu Alaa al-Walae, commander of Kataib Sayyid al-Shuhada, said in an exclusive interview with The Associated Press in Baghdad that the electoral victory of Iran's hard-line judiciary chief Ebrahim Raisi as president will strengthen Iran-backed militant groups throughout the Middle East for the next four years.

Al-Walae, who rarely gives interviews to foreign media organizations, spoke to the AP on Monday in an office in a Baghdad neighborhood along the Tigris River.

On June 27, U.S. Air Force planes carried out airstrikes near the Iraq-Syria border against what the Pentagon said were facilities used by Iran-backed militia groups to support drone strikes inside Iraq. Four militiamen were killed.

The Popular Mobilization Forces, an Iraqi state-sanctioned umbrella of mostly Shiite militias — including those targeted by the U.S. strikes — said their men were on missions to prevent infiltration by the Islamic State group and denied the presence of weapons warehouses.

U.S. troops in eastern Syria came under rocket fire the day after the airstrikes, with no reported casualties.

The U.S. has blamed Iran-backed militias for attacks — most of them rocket strikes — that have targeted the American presence in Baghdad and military bases across Iraq. More recently, the attacks have become more sophisticated, with militants using drones.

U.S. military officials have grown increasingly alarmed over drone strikes targeting U.S. military bases in Iraq, more common since a U.S. drone killed Iranian Gen. Qassem Soleimani near the Baghdad airport last year. Iraqi militia leader Abu Mahdi al-Muhandis was also killed in the attack. The strike drew the ire of mostly Shiite Iraqi lawmakers and prompted parliament to pass a nonbinding resolution to pressure the Iraqi government to oust foreign troops from the country.

In mid-April, an explosives-laden drone targeted the military section of the international airport in Irbil, in Iraq's northern Kurdish-run region, causing no casualties or damages. The base also hosts American troops.

U.S. officials said Iran-backed militias have conducted at least five drone attacks since April.

After midnight Monday, a drone was shot down near the U.S. Embassy compound in Baghdad. There were no casualties. Two U.S. military officials said the drone was launched by Iranian proxies, adding that it was weaponized with explosives and was loitering over the U.S.-led coalition base in Baghdad.

The officials said it was too early to identify the type of the drone. The U.S. Embassy said defense systems at the compound "engaged and eliminated an airborne threat." The statement added that "we are working with our Iraqi partners to investigate" the attack.

The bearded al-Walae, wearing a black shirt and trousers and an olive-green baseball cap, hinted that his militiamen might use drones in future attacks. He did not go into details. When asked if they used drones in the past against American troops in Iraq, he gave no straight answer and moved to other subjects.

"We want an operation that befits those martyrs," he said referring to the four fighters killed in late June. "Even if it comes late, time is not important."

"We want it to be an operation in which everyone says they have taken revenge on the Americans," al-Walae said. "It will be a qualitative operation (that could come) from the air, the sea, along Iraq's border, in the region or anywhere. It's an open war."

Al-Walae spoke in an office decorated with a poster of Soleimani. On a table next to him, a framed photo shows al-Walae standing next to Sayyed Hassan Nasrallah, the leader of Lebanon's Hezbollah group.

Al-Walae praised Iran's new president, Raisi, who is scheduled to take office next month, saying Iran-backed militant groups "will have their best times."

Days after he was elected last month, Raisi said in his first remarks after the vote that he rejects the possibility of meeting with President Joe Biden or negotiating Tehran's ballistic missile program and support of regional militias.

Al-Walae, who was once held prisoner by U.S. troops in Iraq, boasted that his men were among the first to go to neighboring Syria to fight alongside President Bashar Assad's forces in 2012, a year after the civil war there broke out. He said their first mission was to protect a Shiite holy shrine south of the capital, Damascus. They later fought in different parts of Syria.

Iran-backed fighters from throughout the region have joined Syria's conflict, helping tip the balance of power in Assad's favor. Thousands of Iran-backed fighters remain in Syria, many of them deployed close to the Iraqi border in the towns of Boukamal and Mayadeen.

Al-Walae also said he doesn't expect Iraq's parliamentary elections to take place on time in October, saying they might be postponed until April next year. He attributed the delay to the deep crisis the country is experiencing, including severe electricity cuts during the scorching summer.

Taliban wins close consulates; Tajikistan reinforces border

(AP) — A surge of Taliban wins in northern Afghanistan has caused some countries to close their consulates in the region, while across the border in Tajikistan, reservists are being called up to reinforce the southern border, according to officials and reports Tuesday.

Nearly 1,000 Afghan soldiers have fled the Taliban advances by crossing the border into Tajikistan, according to reports from Tajikistan.

The Taliban surge came as U.S. Central Command in a statement Tuesday said 90% of the withdrawal of U.S. troops and equipment is complete. The U.S. says the last troops will be gone by August.

Meanwhile, a statement from the Tajik government said President Emomali Rakhmon ordered the mobilization of 20,000 military reservists to strengthen its border with Afghanistan.

The Afghan military exodus comes as the Taliban have overrun most districts in northeastern Badakhshan province. Many fell without a fight but along the province's northern border with Tajikistan, hundreds of Afghan forces crossed over, seeking safety in Tajikistan.

The consulates of Turkey and Russia have reportedly closed in Mazar-e-Sharif, the capital of northern Balkh province, and Afghanistan's fourth-largest city. Iran said it has restricted activities at its consulate in the city. There has been fighting in Balkh province, but the provincial capital has been relatively peaceful.

The consulates of Uzbekistan, Tajikistan, India and Pakistan have reduced their services, Balkh provincial governor's spokesman Munir Farhad said Tuesday. He said Turkey and Russia had closed their consulates and their diplomats had left the city.

However, a Turkish official said the consulate in Mazar-e-Sharif was open and was "carrying on accepting visa applications and other consular requests." The official, who was not identified by name in line with briefing rules, said Ankara was monitoring the security situation and was taking "required measures" for the safety of Turkish missions and personnel.

The Tajik government said Afghan troops were being allowed to cross on humanitarian grounds but the border posts on the Tajik side were in control of Tajik forces and there was no fighting with Taliban from the Tajik side.

The Taliban march gains momentum only days after the United States vacated Bagram Airfield, just an hour's drive north of the capital, Kabul, — a sure sign that the majority of American troops have left Afghanistan.

Italy beats Spain on penalties, reaches Euro 2020 final

(AP) — Jorginho converted the decisive penalty kick Tuesday to give Italy a 4-2 shootout win over Spain and a spot in the European Championship final.

The midfielder took a trademark hop at the end of his run-up before rolling the ball into the bottom corner.

The match had finished 1-1 through extra time. Federico Chiesa scored for Italy with a curling shot in the 60th minute but Alvaro Morata equalized for Spain in the 80th.

Morata missed the next-to-last kick in the shootout, giving Jorginho the chance to win it.

Italy will be back at Wembley Stadium for the final on Sunday against either England or Denmark.

Brazil fans not really in mood for Copa America semifinals

(AP) — Soccer fans at the fancy Piraquê club in Rio de Janeiro can't wait to once again gather at the bar beside a swimming pool to watch great players fight for a major tournament trophy in crowded stadiums while they calmly sip on caipirinhas.

Though the Copa America is taking place in their city, they are actually looking forward to Italy vs. Spain playing on Tuesday to reach the final of the European Championship.

Brazil and Peru were also meeting in a semifinal on Monday but Brazilian fans have been far more disinterested in the tournament than usual. That didn't change much after the Copa America hosts advanced to Saturday's decider after a 1-0 win over Peru.

The pandemic, the last-minute hosting, some unimpressive matches, and the fact that the most popular broadcaster is not showing the Copa America have cut down the fans' interest.

"The Copa America is never much fun, but this time even less," Thomas Castro said as he planned to meet friends for Tuesday's Euro 2020 clash. "My mom would never know the Copa is on if I didn't tell. I watch Brazil at home, but there's no atmosphere like you see in Europe with fans and all."

No tourists arriving in Rio would notice there's a major soccer tournament taking place in the city. There are no banners, no ads, and no anticipation evident, unlike two years ago when Brazil also hosted after years of planning and buildup.

Many cariocas, as locals are known, are not strictly following social distancing recommendations, but that doesn't mean they are willing to spend time out of their homes watching the Copa.

On the streets around Nilton Santos Stadium, one could hardly tell when it has hosted seven Copa matches. The few street carts selling food attract only journalists, staffers, and some locals who are playing around by the gates of the empty stadium.

"I've made a few bucks, which always happens during the pandemic," said Celso David, running a hamburger stall outside the stadium. "This it isn't much different from other events we've done recently. When Brazil hosted the Copa in 2019 it was a little better, more people coming from other countries and Brazilian tourists."

Brazil agreed to be an emergency host after Argentina and Colombia were pulled as organizers. No fans are allowed in stadia despite the insistence of President Jair Bolsonaro, a critic of lockdown measures. It will be the same at Saturday's final at Maracana Stadium.
Many restrictions on movement are still in place in Rio and in the three other host cities, Brasilia, Goiania and Cuiabá. But the biggest hurdle for the Copa America in Brazil has been the fans. Unable to go to games, they haven't been much interested in watching them on TV, either.

"Is it still on?" housewife Maria Cristina Teli asked. "I watch the Brazilian championship sometimes, but this Copa America ... I didn't see any matches this time. Is Brazil playing Argentina sometime?"

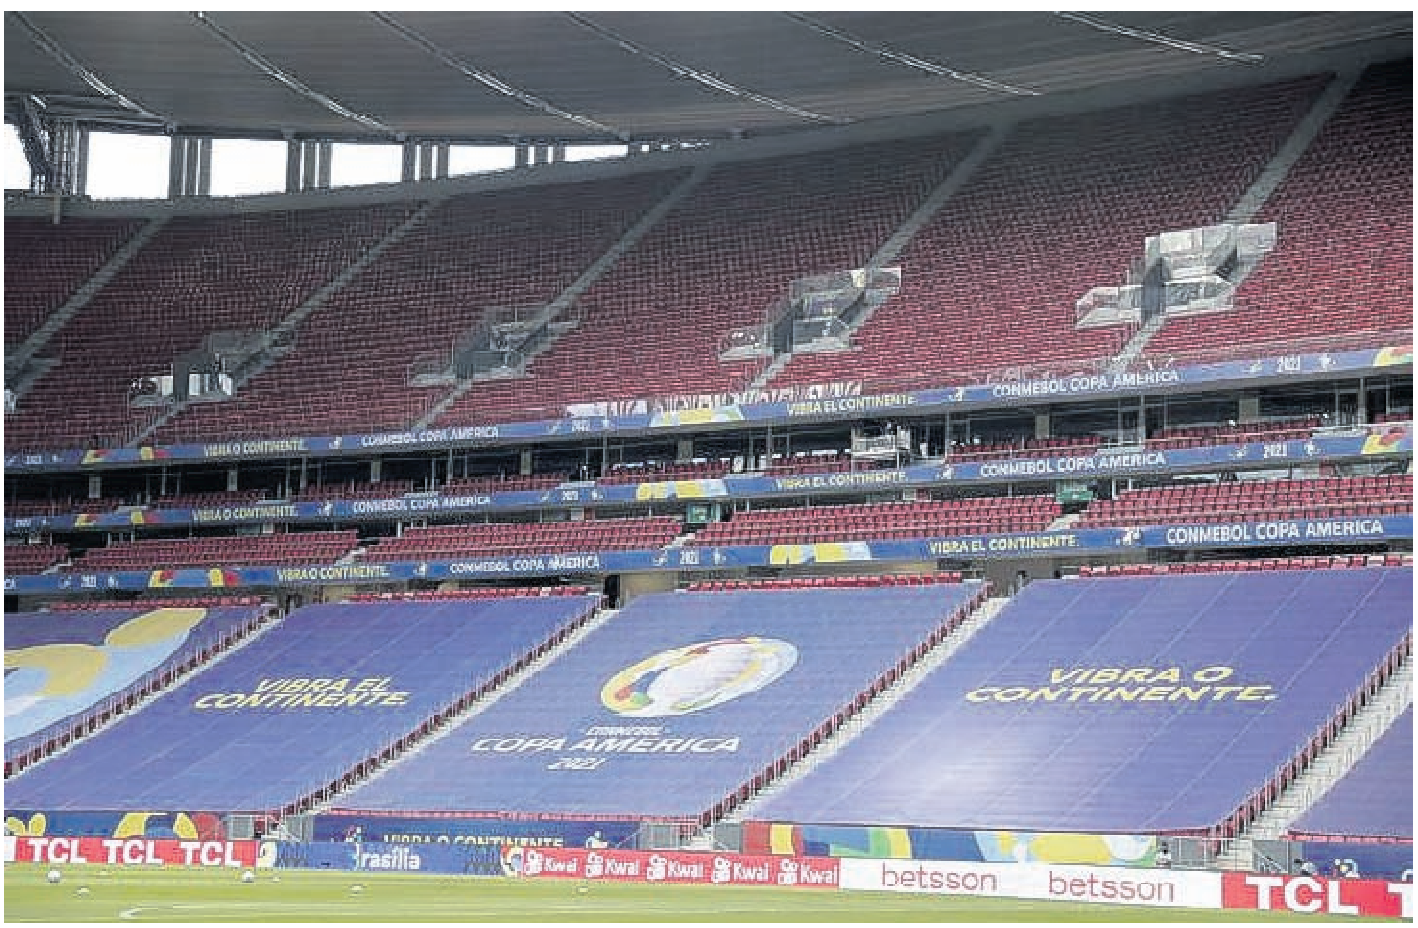

Brazil's dominant TV Globo is broadcasting some Euro 2020 matches instead of the Copa America, which is shown on the country's third most popular open channel, SBT, and on ESPN Brasil on cable. SBT soccer ratings are usually one third of Globo's, which has also proven consistent this time.

Bars in Rio's tourist areas are showing Copa America matches, and have been allowed by health authorities since May to stay open late with tables two meters apart.

But, so far, no games have created enough interest to draw large gatherings. The bars that do look overcrowded in Rio, especially in the posh Leblon neighborhood, don't have TVs and are filled with flirting, anxious youngsters.

Organizers hope some of that gloom will change if the final features Neymar's Brazil against Lionel Messi's Argentina. But even that could be a struggle.

"Yes, if we play Argentina I will definitely see," housewife Teli said. "Which channel will it be on?

2018 champion Kerber vs. No. 1 Barty in Wimbledon semifinals

(AP) — When Angelique Kerber grabbed the opening set of her Wimbledon quarterfinal Tuesday, the full-capacity crowd saluted the accomplishment with cheers that bounced off the closed roof at No. 1 Court.

Kerber's reaction? Just a matter-of-fact, straight-faced stroll to the sideline. No shouts or leaps or fist pumps. Unlike the other women headed to the semifinals at the All England Club, this is not new to her. Not at all. It's just that it's been a while.

The owner of three Grand Slam titles, including at Wimbledon in 2018, Kerber moved back into the final four at the grass-court major by using her knee-to-the-turf agility and quick reflexes to beat No. 19 seed Karolina Muchova 6-2, 6-3.

"I remember how I played here," said Kerber, a 33-year-old left-hander from Germany, who did let loose by shaking her fists when her victory ended. "I know how to play on (a) grass court."

Next, No. 25 seed Kerber takes on No. 1 Ash Barty, who eliminated 75th-ranked Ajla Tomljanovic 6-1, 6-3 in the first all-Australian major quarterfinal in 40 years.

"It's the ultimate test," Barty said, looking ahead to Thursday's matchup. "Angie's obviously had success here before."

Barty won the 2019 French Open, but she had never been to the quarterfinals at the All England Club. Indeed, this was the first time in the Open era, which began in 1968, that the tournament had six first-time women's quarterfinalists.

Only Kerber and Muchova, who also lost at this stage in 2019, boasted past experience.

The other semifinal is No. 2 seed Aryna Sabalenka against No. 8 Karolina Pliskova.

Sabalenka collected her tour-leading 34th match win of 2021 by defeating No. 21 seed Ons Jabeur 6-4, 6-3, and Pliskova topped unseeded Viktorija Golubic 6-2, 6-2.

This was the first day of 100% capacity in the two main stadiums after COVID-19 restrictions placed a 50% cap on attendance when the fortnight began. With rain falling much of the afternoon, the singles matches were played at Centre Court and No. 1 Court with the roofs shut and spectators allowed to be maskless — the All England Club says the arena's ventilation systems allow them to be considered outdoor venues.

Pliskova — the 2016 U.S. Open runner-up to Kerber — claimed 24 of 26 points on her serve in one stretch, hit eight aces and saved the only three break chances she faced.

"Everything today was working quite well," said Pliskova, who averaged 106.5 mph on her first serves, 20.5 mph faster than Golubic.

Pliskova has been broken only three times through five matches so far and has not dropped a set.

She also hasn't played anyone ranked better than 47th yet.

Now comes a test.

Jabeur's game is full of novelty and nuance, with drop shots and all manner of angles and spin.

Sabalenka? She is all about power and big cuts at the ball, and even with that constantly aggressive style, she managed to accumulate more winners, 27, than unforced errors, 20.

"She played," Tunisia's Jabeur said, "the match of her life."

Sabalenka, a 23-year-old from Belarus, hadn't been past the fourth round at any major previously.

But she agreed hers was a "great performance."

"I still have this opportunity to win a Slam," Sabalenka said. "I will do everything I can to reach my goal."

In the day's lone men's match, No. 14 seed Hubert Hurkacz came back to edge No. 2 Daniil Medvedev 2-6, 7-6 (2), 3-6, 6-3, 6-3 in the resumption of a fourth-rounder contest suspended Monday night.

Hurkacz's first Grand Slam quarterfinal will come against 20-time major champion Roger Federer on Wednesday.

Kerber was certainly the best known and most accomplished of the women left in the draw as Tuesday began.

And now she's into her eighth Grand Slam semifinal, with half coming at Wimbledon. The most recent came three years ago, when she upset Serena Williams for the championship.

Kerber extended her current winning streak to 10 matches, including a title at a grass-court tuneup in Germany last month, and her first-round exits on the Australian Open's hard courts in February and French Open's red clay in May seem like forever ago.

"I never stopped to believe in myself (and) how I can play," said Kerber, like Pliskova a former No. 1.

Kerber's game bothered Muchova the same way it troubled 17-year-old American Coco Gauff in the fourth round — with shots steered so quickly, low to the ground and flat.

"She plays good angles. It was a great match from her side," said Muchova, who draped a towel over her head while sitting during changeovers. "So, definitely, didn't help me."

Kerber only compiled 15 winners, but that was enough because she limited Muchova to just two forehand winners herself — compared to a combined 33 unforced or forced errors with that stroke.

Muchova appeared to give herself at least the possibility of turning things around by breaking to lead 2-1 in the second set. But Kerber, so steady if not spectacular, broke right back when Muchova sent a forehand long to cap a 13-stroke exchange.

That was pretty much that.

Bucks upgrade Giannis to questionable for NBA Finals opener

(AP) — The Milwaukee Bucks have upgraded Giannis Antetokounmpo's status to questionable for Game 1 of the NBA Finals on Tuesday night.

The change in the injury report Tuesday afternoon gives more hope that the two-time MVP can return from a hyperextended left knee to face the Phoenix Suns.

Antetokounmpo was injured in Game 4 of the Eastern Conference finals when he landed after leaping to defend a lob pass to Atlanta's Clint Capela. He missed the final two games of that series. Coach Mike Budenholzer said Monday that Antetokounmpo was doing work on the court and making progress in his recovery, but provided no other details. The Bucks then listed Antetokounmpo as doubtful in the injury report later in the day.
